

FREE TSST Courses Maths, and Physics Subject Knowledge Enhancement for qualified teachers

The purpose of this accredited training is twofold: to improve subject knowledge and to demonstrate teaching methods

Who should do this course?

- Existing Teachers
- Non Subject Specialist Teacher
- NQTs
- Ex teachers who want to return to the teaching profession

Examples of how training might support you are:

- a PE teacher who has been timetabled with KS3 Maths from September 2017
- a Biology teacher wants to brush up on their KS4 Physics knowledge
- a maths teacher looking to return to the profession following a career break
- German teacher needs to offer KS3 French
- a Music teacher with A Level French needs to cover a Y7 French group.
- existing teachers want to refresh knowledge because the school is now offering A Level courses in these subjects.

The training is delivered **free of cost** to participants and is aimed at teachers with QTS who are already teaching or would like to be able to teach these subjects in any of the following categories:

- Teachers whose initial training was not in Maths, Physics or Languages and who find themselves spending a considerable time teaching those subjects
- Teachers who are returning to teaching after a career break
- Teachers from a different phase of education

Schools will receive a **Bursary of £400** per candidate who successfully attends and completes these courses.

BOOK YOUR PLACE NOW
