

EY Lead Practitioner (EYLP) Role

Do you have a passion for making a difference in the Early Years and at least 5 years' experience in an EY role, including 2 years' experience at a supervisory or managerial role?

As an EYLP you will be sharing your Early Years expertise and experience with colleagues in other settings to support EYs practice. This is a really exciting opportunity to be a supportive part of the wider local educational community and for your own Professional Development

What would this involve?

Following a successful application and interview process (including submitting a video of your practice in your own setting/school) you would then be asked to visit other EYs providers who are seeking support. The frequency of the work would be subject to local demand and would be agreed by your Manager/Headteacher. To remain designated as an EYLP you would need to complete at least 1 piece of work within 2 academic years.

Is this a paid position?

The role is not salaried, but Warwickshire TSA would cover the cost of your time out by paying your setting/school an agreed daily national rate.
