

Some of our courses are open to anyone wishing to join in. Other courses are 'invitation only' for particular settings. You will be given opportunities to attend Family Learning courses by your child's school or setting, if they work in partnership with us, so do keep a look out for fliers!

If you are interested in attending a course, you can browse our selection of open courses on our website.

# Family Learning

Brochure for parents/carers

**Family Learning** is learning that takes place among family members including parents, grandparents and carers. It's about discovering and exploring things together; learning in a relaxed atmosphere.

Our team is made up of experienced tutors who are passionate about supporting parents to understand how children learn and develop. Family Learning promotes natural learning opportunities within a family's home learning environment. We apply a 'low-cost, no-cost' approach to our ideas and activities with a focus on natural, everyday opportunities for learning.

## Our Courses

All of our courses are **free** for parents. We offer a range of courses, including bespoke courses planned to the needs and interests of the families we are working with. Many of our courses come from evidence-based approaches to learning.

Our most popular courses and workshops are:
