

Life Beyond Levels, Welcome to Scaled Scores

*The Key Stage 2 roadshow for headteachers
& senior leaders in primary & junior schools*

Just £75
+ VAT per
delegate

Date: Wednesday 16th November, 2016

Venue: The King Power Stadium, Filbert Way, Leicester, LE2 7FL

Time: 9.30am – 11.30am

Following our highly valued briefings last year, we will again be running a series of events for schools this autumn. This year, we will help you demystify your 2016 KS2 results and find out what's behind the new DfE statistics. Discover the real meaning of the scaled scores for your school and the new-look accountability measures.

During the two-hour session you will find out if your school is making real improvement with FFT's modelling of scaled score trends, discover how you improve performance in the scaled score world, get to grips with the new progress measures and receive an FFT data report.

The event will cover:

- Evaluation of your school's performance in a scaled score world
- Knowing the likely performance of your 2017, 2018 and 2019 pupils
- Learning from the national picture with FFT research
- Identify the impact of the new higher standards on Pupil Premium
- Understand floor standards, coasting schools and Government accountability.
