

invite you and your school to take part in

## A creative response to climate change

– a competition for schools in Warwick District, to **draw**, **paint**, **photograph** or **write** something that expresses your views and feelings about Climate Change.

For many people, Climate Change is mankind's greatest challenge, and one that the world is not facing up to.

- What is happening?
- How can we stop it?
- What can we do locally?
- What will the world be like in 2050?
- How can we persuade the world to act?
- ★ Paint a poster!
- ★ Write a poem!
- ★ Tell us what to do!
- ★ Scare us!
- ★ Show us!

The competition will run from now until the end of the Spring Term (April 3rd 2021). A panel of judges will award prizes of £100 for the best individual entries in different categories, and £1,000 to the school submitting the best body of work. The winning entries will be displayed in an exhibition in Leamington Spa, and featured in the Warwickshire Open Studios brochure, to be published in May of 2021, and in the Warwick and Leamington Spa Courier.

For each participating school, Warwickshire Climate Alliance offers to run a school assembly on climate change and on the dilemmas of how to respond to it. This can be done remotely if necessary.

Rules and details of how to enter can be found at the Warwickshire Climate Alliance website at
