

TSH NEWS

Happy New Year! We hope that you have had a good start to the new school term.

The Teaching School Hub team have been busy preparing for our Spring NPQ cohorts; there is still a short window of opportunity to apply to be part of this cohort, so please do sign up yourself or make your colleagues aware.

We are also delighted to announce the appointment of a Deputy Director for the Teaching School Hub: Sally Hewitt, who joins us from Gateway Alliance. Sally brings with her a wealth of experience and expertise from her time at Gateway and her previous roles at Warwick University and as a Primary school teacher. Coventry and Central Warwickshire Teaching School Hub have worked closely with Gateway Alliance since our designation in the

developing of our ECF, NPQ, ITT and CPD programmes. Gateway and the Teaching School Hub are determined that Sally's appointment will enable the two organisations to continue to support each other in providing excellent teacher training provision to all teachers in our local area.

As always, please do scroll on down to see what we have to offer you and your staff and forward this newsletter to anyone who may benefit from any of the training opportunities that we have to offer.

Please visit our website tshub.co.uk for more information about what your local Teaching School Hub can offer you.

Best wishes, Becky

NPQ applications EXTENDED

UCL have extended the deadline for NPQ application to 26th JANUARY

Visit our NPQ page to view the range of fully-funded NPQ qualifications. The NPQs are completed on a part-time basis and are designed to fit neatly into busy timetables, with courses beginning in March 2023

Join us to help grow the next generation of leaders with the skills and knowledge to use evidence-based research for the benefit of their children and young people.

Run in partnership with UCL, the only university based NPQ Lead Provider, the leadership NPQs are facilitated locally by experienced practitioners.

The programme enables senior leaders and those aspiring to these roles to develop existing skills and add new knowledge, based on the latest research and evidence within a collaborative environment. This learning can then be cascaded to colleagues in school to broaden the

Changes to AB Services

Appropriate Body (AB) services are changing:

- From September 2023 schools must use a TSH AB for all new ECT registrations.
- From September 2023 Local Authorities will be unable to register new ECTs. They will cease operating as ABs from September 2024. This two-stage withdrawal for LAs from AB services will allow the majority of ECTs who began induction in September 2022 to complete their induction without needing to transfer to a new AB.
- From September 2024 Teaching School Hubs (TSHs) will be the sole provider of AB services.

We are working closely with Warwickshire LA and Coventry City Council to ensure that the transition is as seamless as possible. You will be reassured to know that we are using the ECT Manager platform that you are familiar with to manage the service, so the administration for you will remain the same as you have used.

If you have any questions about our AB provision, please contact us at
