

LEADERSHIP WEBINARS

As part of our package of support for Warwickshire schools in 2020-21, we have partnered with [Gateway Alliance](#) to offer you access to a series of educational leadership webinars. These webinars will be running throughout the year and will feature prominent inspirational speakers who will be addressing leadership themes through the current context in which schools are operating.

These webinars form part of Gateway's Senior Leaders' Network - CPD Programme. There are 7 webinars in total to choose from and the Local Authority have funded schools' access to 3 of these. Schools can choose which 3 are of most relevant to them. If schools wish to access the remaining 4 webinars these can be purchased through Gateway Alliance.
