

SEND and Inclusion

Maths Learning Difficulties – Exploring successful strategies to support

21st May 2019 – 1:00 – 4:00

Venue: Pound Lane Learning Centre, Leamington, CV32 7RT

This training explores the different factors that can affect a child's maths development and outlines theory and research. There will be opportunities to look at the importance of concrete apparatus and visual approaches to support the learner's understanding of mathematical concepts. This will be an opportunity to refresh your knowledge of the use of Numicon and other resources

Aimed at: TAs, LSA, Teachers and SENCOs who wish to explore maths difficulties further in the Primary Phase

This training costs:

£65 per delegate for subscribing schools

£75 per delegate for non-subscribing schools

Included in the cost is a Numicon homework bag for each delegate

Bookings to be made through the WES training portal
