READING DEEP DIVES

What has been learnt so far.

The Ofsted School Inspection Handbook states that all primary school inspections will focus on how well pupils are taught to read, with particular attention given to pupils reading below age related expectations.

Kirsty Godfrey HMI and Subject Lead for Early Reading is joining the Little Sutton English Hub to deliver this free webinar which will explore what to expect in a reading deep dive, how to prepare your school and what high quality reading provision looks like. This will include:

-  Understanding the Ofsted evaluation criteria for reading;
-  What can be learnt from the most successful schools;
-  What a reading deep dive might look like;
-  Addressing common misconceptions.

Are you expecting Ofsted any time soon?

Kirsty delivered this session for the English Hub in February and it is back by popular demand! **Book now to secure your place and avoid disappointment.** All Senior Leaders and practitioners will benefit greatly from the advice, guidance and good practice on offer.
