

Secondary science conference

Explore the key issues affecting secondary science, through a series of presentations and workshops. Network, share and develop ideas and discuss best practice with other secondary science teachers and heads of department.

Outcomes

You will be able to discuss current good practice in secondary science, reflect on ways to translate ideas to your school context and plan for action.

Workshops to include:

- Preparing pupils for the GCSE assessment of practical skills
- Disciplinary literacy in KS3 and GCSE science - from keywords to extended responses
- Opportunities to share best practice and network

Details of each workshop on booking page.

What are you looking for?

PROFESSIONAL DEVELOPMENT

We offer high-impact professional development across the UK, and online, based on the latest developments in both pedagogy and STEM subjects. We can also tailor professional development to your school's specific needs with our bespoke CPD.

CAREERS EDUCATION

As well as a host of excellent resources on our website including the Careers Toolkit, we also run the STEM Insight programme to give you a unique experience in industry or university through inspiring placements.

INSPIRATION

We've got a host of ways to help you inspire your students: why not bring a STEM Ambassador into your school to talk about STEM subjects and careers, or start a STEM Club to build confidence and teamwork skills?

COMMUNITY

Share your ideas and challenges with teachers and technicians through our online groups and at our networking events. And join us on Twitter - we have over 20,000 like-minded educators following us.

National STEM Learning
Centre and Network

RECOGNITION

Our recognition schemes and awards allow you, your department and school to showcase the impact you have on your students and colleagues.

RESOURCES

We have over 38,000 quality, STEM teaching resources, available online or at our centre. You can also browse teacher-made resources and submit your own.

STEM Learning operates the National STEM Learning Centre and Network, alongside other projects supporting STEM education
