

Early Help Single Assessment to Early Help Pathway Transition Guide

1. Visit www.warwickshire.gov.uk/children-families/early-help-warwickshire to familiarise yourself with the new Early Help Pathway packs and guidance on the "Support for Early Help Practitioners" page
2. If you feel you need additional support to **initiate any new assessments**, please contact your district Targeted Support Officer
3. For **plans that are already open**, please contact your allocated Targeted Support Officer (previously Early Help Officer) to discuss the level of the support you need for your cases moving forward

1. **New assessments** should be initiated using the new Early Help Pathway Assessment pack and process
2. **Completed** Early Help Single Assessments, Family Support Meeting Minutes, or Closure paperwork should be sent in to WCC using your normal procedures as soon as possible
3. **Pre-arranged** Family Support or Closure meetings held during this time should be recorded using your normal paperwork and processes

1. **New cases** should be initiated using the new Early Help Pathway Assessment pack and process
2. **Open cases** should be transitioned onto the new Early Help Pathway at your next meeting after this date, using the Early Help Pathway Review pack in place of Family Support Meeting Minutes
3. **Open cases** may benefit from using the standalone "Pathway to Change" and "Early Help Triage" tools alongside the first Early Help Pathway Review, in order to support the transition
4. If **Closure** is the only outstanding work to complete, this can be completed using your normal paperwork and processes
