

John Taylor

Teaching School Hub

North Warwickshire Nuneaton & Bedworth Cannock Tamworth Lichfield East Staffordshire

Appropriate Body Services Register for September 2021 now

John Taylor has significant experience in Appropriate Body work and have been offering an Appropriate Body service to schools since 2016, working annually with between 70 and 100 Early Career Teachers, not just taking care of their registration and validating a successful completion of the induction period, but offering informal support and guidance to schools and ECTs where problems have arisen or the ECT has been struggling.

As a Teaching School Hub we are increasing our capacity and are excited by the opportunity of developing partnerships with all schools across our area and beyond.

Please see our attached flyer for further information and sign up your expression of interest by clicking on the box and completing the expression of interest information.
