# Hello, we're Zellar

Cost saving, efficiency and climate action for every school

## Like Experian, but for sustainability

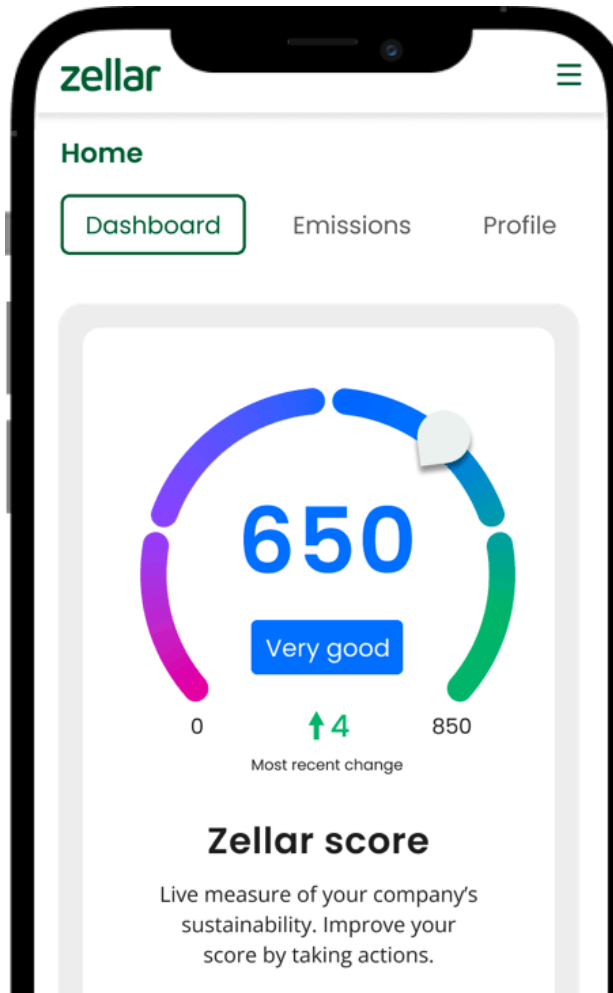

Manage sustainability like a credit score, making it practical, affordable and accessible for every school.

## Guided programme from £30pcm

A holistic platform to measure, plan, activate and report and display sustainability action.

## Saving schools upto £3k per year

Bespoke action plan and custom marketplace connecting schools direct with suppliers, vendors and projects.

## Goodbye to greenwashing

A live, transparent and trusted Zellar score & profile to share with the people and organisations that matter.

## Frictionless

Zellar delivers sustainability action in the fastest, lowest cost and most efficient way possible for every school.

## Community Climate Action

Connecting schools and communities to unite around climate action.

# zellar

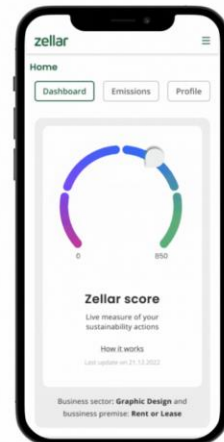

## Meet Zellar. The sustainability score for every school.

Your school can access Zellar for free, for one year, thanks to our partnership with SSE Energy Solutions. Places are limited so sign-up today to avoid disappointment.
